① What is the component
of gravity which acts
along and perpendicular to
the wing of an airplane
weighing 1200 lb. gliding
at an angle of 10° to the
horizontal?

Solution: $\angle OGP = \angle POX = 10^\circ$
Right $\triangle OGP$, $\frac{PO}{OG} = \frac{\text{side opposite}}{\text{Hypotenuse}} = \sin 10^\circ$
 $\sin 10^\circ = .174$
 $\frac{PO}{OG} = .174$; $PO = .174 \cdot OG = .174 \cdot 1200 = 209 \text{ lb.}$

War Dictated the Course of our Achievement

World War II has changed our school program. We, as well as adults, must change to fit the needs of war. A new subject to be taught in A.H.S. which has come as a direct result of the war is aeronautics, a class which is pictured on the left. On the right is a photograph of students working on maps portraying the war in Europe and other parts of the world.

Faculty Directs Achievement

Remember what the seniors used to say to the juniors and the juniors to the sophomores? Did you have that too? She taught the very same thing when I had it. It has all been changed now because nearly all teachers have had to change their daily programs. In the Mathematics Department a class in aeronautics has been added. In the Home Economics Department much time has been taken in the discussion of food rationing and various food shortages. Several new teachers have brought about new approaches to the curriculum during the past year.

SUPERINTENDENT

Replacing Arthur Campbell, who left AHS for a business career, ex-Coach Archie R. Chadd this year was appointed superintendent of Anderson public schools. Aside from the capable execution of his new duties, Mr. Chadd retains his keen interest in athletics and the outcome of AHS's sports combats.

The new official expressed admiration of neatness and precision. His social interests are centered in the Kiwanis Club, and Masonic Lodge, in addition to his regular participation in church activities.

Mr. Chadd obtained his Bachelor and Master's Degrees at Butler University. He has also taken work at Columbia University in New York City.

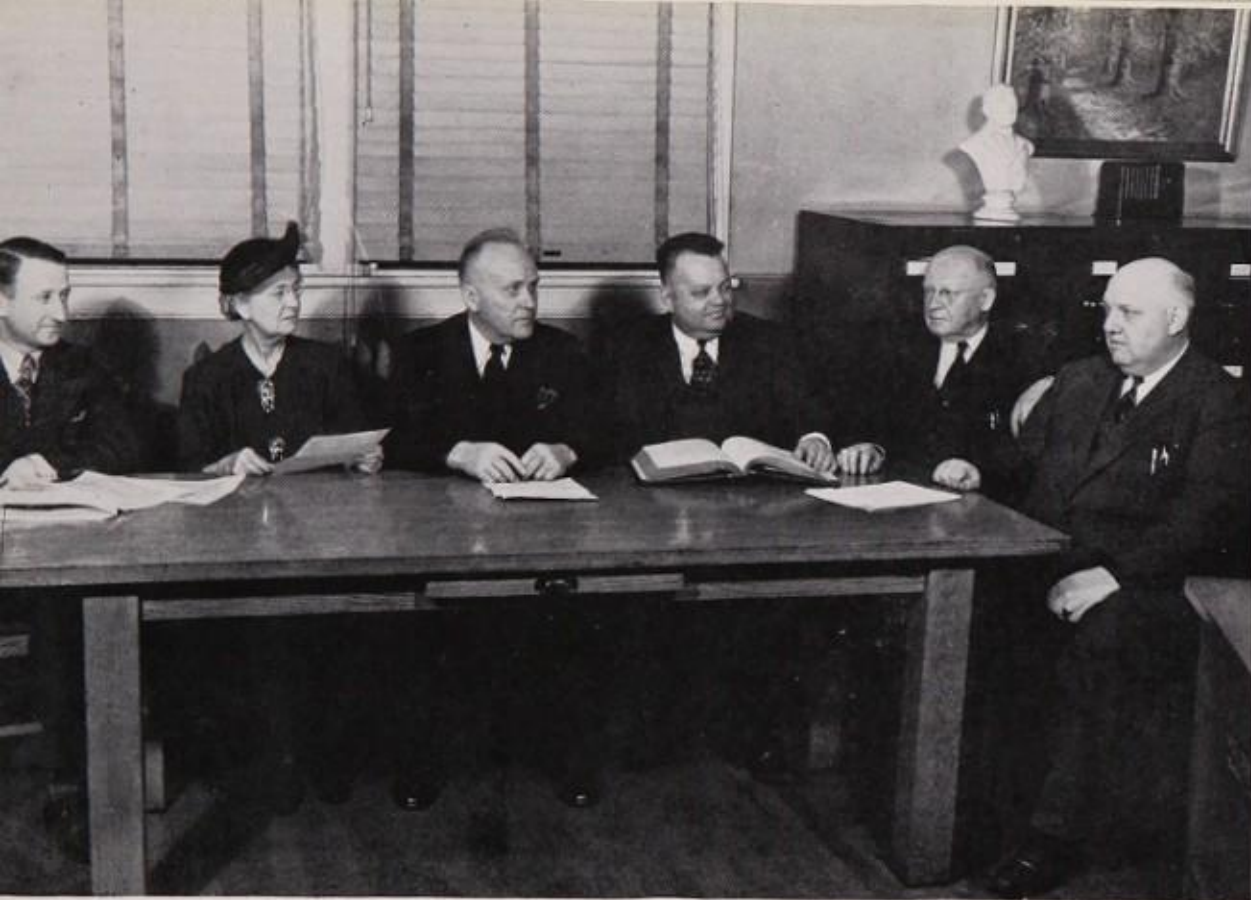

PRINCIPAL

"To try to gear AHS's program to the national war effort has been the school's most important project this year," stated Principal Stanley Porter. The five-point war program, numerous war drives, and stamp and bond sales are part of this plan.

During his rare off-duty hours, Mr. Porter reads historical novels and biographies. He enjoys movies made from classical novels. The variety of his interests takes in athletics, particularly high-school sports. Accumulation of stamps is a chief relaxation.

The principal, a "Cum Laude" graduate from Franklin College, has been here four years.

BOARD OF EDUCATION

Archie R. Chadd, Mrs. Frank Matthew, Glen Rogers, Foust Childers, Wade Free, Robert Brown

The load on the School Board has been a great deal heavier this year because of the war, but the members of the Board have accomplished much despite all the handicaps.

Several of the outstanding things the Board has done this year include selecting for Anderson High School a new superintendent, Archie Chadd; two new deans, Miss Mignon Anderson as Girls' Dean, and W. Leo Sanders as the Boys' Dean; and also a new athletic director, Charles Cummings.

This year's school board, among other things, has been hit rather hard by the war because it is now confronted with the problem of acquiring new teachers to replace those that have been called to serve with the armed forces.

The School Board consist of five members: Wade Free, who is in his fourth year on the board, Robert Brown, Foust Childers, and Glenn Rogers, who are all serving for the second year, and Mrs. Frank Matthews who is in her first year as a member of the board.

"Good morning. May I see your excuse?"

"Excuse? Why--l--a--l must have lost it. But I was sick; I know I was."

Yes, it is just a daily occurrence in the dean's office. Surely you have played hookey--just once.

During the past year A.H.S. has lost two very efficient deans. We regret their leaving our school but we congratulate them in their success. Miss Reba Arbogast was appointed by Governor Schricker to the position of superintendent of the Girls' School at Clermont, Indiana. C. D. Ro-

truck was elected mayor of our city.

We are also happy because two capable teachers took over the offices of the deans. Miss Mignon Anderson, a former Home Economics teacher, now carries on as dean of girls. Leo Sanders, a former member of the Science Department, has become dean of boys. Mr. Sanders also takes care of First Aid in the school.

Howard Lindsey, dean of the Main Street boys, is not often seen by the majority. Still his office in L-100-A holds an important place in our school.

ENGLISH

This department does quite a bit to encourage students to become conscious of the war. The English Department has poster displays, discussions, themes on war, informal talks from boys in the armed forces, oral compositions, films, current events, and quizzes from the Junior Scholastic Magazines. Letters are also written to the boys in the service from this department and teachers are urging others to write frequently.

The English Department offers many opportunities to prepare for future occu-

pations. All English courses--the laboratory English section, where students are helped to raise their reading standards, American Literature, English Literature, Dramatics, Creative Writing, Speech Correction, Advanced Grammar, Senior Composition, Junior Composition, Freshman and Sophomore English, and News-writing--are offered in this department. "The X-Ray," the weekly school paper, is the publication produced by a branch of the English Department.

SOCIAL STUDIES

During this present war period the Social Studies Department attempted to help students interpret and understand such every day problems as selective service regulations, rationing, taxation, and inflation.

Social Studies classes made an effort to keep up with the issues, aims, and progress of the war. In this way the student obtained valuable information which will help him comprehend democracy and its principles. Post war problems were

brought to the attention of history students because these questions will have to be faced by future citizens.

The students in one of Mr. Shirey's civics classes conducted a scrap drive in which the various pupils took different parts of the city and collected all kinds of scrap material. This scrap in turn was sold to the city and with the money the class bought useful civics books for on-coming students in their study of the United States Government.

MUSIC---ART

One has only to look at some of the posters made by the Art Department to see what splendid work the students in that department do.

As it is in the Art Department so it is in the Music Department. This department offers several different interests and a variety of things to enter into for students who are not interested in any kind of music.

FOREIGN LANGUAGES

America does not stand alone. If we are to be a nation of the world we must learn to talk with people of many nations. For this reason, there is a fine Foreign Language Department in A.H.S.

Traditional is the study of Latin, one of the languages basic in the proper understanding of English. Courses in French and Spanish are also taught.

MATHEMATICS

During the past year the Mathematics Department placed more emphasis on the study of mathematics, algebra, geometry, and trigonometry because of the war. New courses were introduced; others were supplemented to include a broader approach to mathematics.

Aeronautics was added to Anderson High School curriculum to answer the need for this phase of math. A new course in Refresher Mathematics presented an opportunity for upper-classmen to "brush up" on their math before advancing to higher institutions of learning.

A new idea was introduced in the algebra and geometry classes this year. The algebra classes were required to devote

thirty minutes each week to definitely planned drills for the maintenance of arithmetic knowledge previously acquired. Geometry classes devoted the same amount of time to the review of algebra.

Because of the important part that mathematics plays in many fields of essential industries, this year high schools attempted to induce students to study as much of this subject as possible. A special mathematics test was given to the students in order to estimate Anderson High School's standard in regard to mathematics and also to acquaint the students with their individual needs in the field of mathematics.

SCIENCES

All the barbarous habits of boys and the squeamish, scornful looks of the girls were discovered when the lowly amphibian was dissected in the newly organized Advanced Biology class. This course is taught by Jesse Stutsman, head of the Biological Science Department, and was offered for the first time this year. In this division of the department, safety, physiology, beginning and advanced biology are classed.

B. B. Horton supervises the work in the Physical Science Dept. and is assisted by B. R. Stewart and Montfort Barr. There are three student assistants who help in

the laboratory and classes.

Aside from acid burns, small explosions, and numerous odors, the chemistry laboratories have been organized successfully. Certain standards have been set by the Army and Navy Dept. for sciences taught in high schools and the science course in Anderson High conforms to these standards.

This course has probably caused more headaches to the students of Anderson High than any other, but when completed it is an achievement of which to be very proud.

"Take a letter, Darling." Perhaps these are the words that inspired over a thousand students to enroll in the Business Education Dept.

Hundreds of notebooks are filled each semester with those ever puzzling symbols called shorthand. On the typewriter, fleeting fingers transcribe those symbols into a language familiar to all. These fingers are striving to make the Big Ten, a goal set by Business Education teachers to encourage competition.

Mathematicians are prominent in this department also. Struggling sophomores and juvenile juniors are faced with endless

columns of figures and tough bookkeeping practice sets.

Remember those gasoline books issued and those A, B, C, and T cards that were given you? Several members of this department offered their time and energy in the filing and checking of these cards so that we might refrain from wearing out our rationed shoe leather. The progress I. Q., and Arithmetic Tests were graded by the tireless efforts of Katherine L. Brown, head of the department, and her assistants. This same group may be found in the office adjoining the typing room mimeographing the absentee sheets each school morning.

TRADES AND INDUSTRY

The hum and grinding of machinery — the clank of work tools — the buzz of saws — all are an indication that the future engineers, designers, machinists, draftsmen, skilled laborers, and mechanics are being trained in the classes and shops of Anderson High.

During the freshman and sophomore years courses in Applied English, Applied Math, Applied Drafting, and Industrial History are taken by boys enrolled in the Pre-Apprentice and Technical courses. For upperclassmen classes in Machine Shop, Product Design, Printing, Auto-Mechanics, and Pattern Making are offer-

ed. The Trades and Industry Department is also doing its share for the war effort. Any night you may find a noisy machine shop where industrious and ambitious civilians are preparing for work in defense plants.

Paul Bergevin, head of this department, declares there to be 1135 students enrolled in both day and night schools. Very noticeable has been the increased interest among students in courses offered by the department. This interest may be based partly on the fine preparation which the department provides for industrial positions in local factories.

VOCATIONAL AGRICULTURE

Soon the Vocational Agriculture Department of A.H.S. will celebrate its first decade. In 1934, Walter C. Kolb formed this department in order to teach the technical viewpoints on all phases of farming. Today he is receiving awards for his generous work--for Mr. Kolb is now in the State 4H Department at Purdue University. H. B. Wilson is his successor in AHS.

PHYSICAL FITNESS

Something new has been added! Never in the history of A.H.S. were such groans and growls heard as were uttered when Seniors started limbering up in the new Physical Fitness classes of the Physical Education Department. This course is certainly helping in the war effort in more than one way. It not only builds students up physically, but will also in time produce the best figures A.H.S. can attain, we hope.

HOME ECONOMICS

Mignon Anderson
Agnes Brock
Celia Carson
Margaret Leachman

The Home Economics Department is rapidly becoming one of the most important in this school. It is now important for the women of America to shine. Cooking, being able to fix nutritious meals; Home Furnishings, how to live economically; Clothing, learning to make your own; Home Nursing and Child Care, gaining knowledge to relieve busy mothers for the war effort, are important subjects offered by the Home Economics Department. Each of these is becoming popular now that so many girls are called on to do their part in the war effort.

This department has changed along with the time as have all the other departments. Things in this department are definitely being run along the war effort line, hoping that the students will benefit with their training in order to run the home front effectively. If the boys can join the Armed Forces, then the girls can qualify just as much by taking Home Economics and taking care of the home front until the boys return.

Achievement In Activities

Quarter turn left! Forward. March! To the rear! Class halt! Physical Fitness? Yes, you will never forget that class. The sophisticated seniors had to come down this year and do a few of the things that freshman do.

One day each year in AHS is called Honor Day. It is impossible, however, to name all achievements made in our school in so little time. Nearly every club has won one or more honors. The X-Ray staff has been awarded the highest honors possible and Vocational Agriculture Teams added blue ribbons to their already large collection.

After a somewhat lengthy discussion, the A.H.S. faculty decided last September to allow club programs to be a part of the 1942-1943 school year. Even though many schools are eliminated entirely all extra-curricular activities for the duration, it was felt that Anderson High School organizations have sufficient merit to allow continuance. Thus an outlet is provided for hobbies and special abilities of students at a time when recreational activity is sorely needed.

Even so, the number of clubs active in AHS is definitely reduced. Most noteworthy was the disbanding of the Senate, the school's oldest organization. Other groups have shifted their meeting times from evening hours to after school as an act of courtesy to Old Man Gasoline. One club inaugurated luncheon meetings.

In spite of transportation difficulties and problems in securing sponsors in a constantly-changing faculty, clubs have had a vital part in providing and maintaining a high morale in AHS during the past year.

National Honor Society

Hear Ye, Hear Ye!

The "Battle of Wits" is now in session.

Master of Ceremonies: Mr. Intellect, who is the father of Germany's new order?

Mr. Intellect: Adolf Hitler may be called the "proud Papa" of the New Order, but all orders can be cancelled.

Yes, it is the Honor Society members at one of their monthly meetings. The Honor Society has helped the war effort by discontinuing part of their meetings in

order to save gas and tires. Still it is not impossible to have interesting meetings. Both juniors and seniors can be members of the Honor Society if they have at least one-half A's, not more than one-fourth C's and no D's or F's.

Under the fine guidance of their sponsors, Miss Margaret Mullendore and Arthur Shirey, the students of this club plan and carry out quiz programs, discussions, lectures, and debates.

Book Exchange, March of Dimes, Book Drive, War Stamp sales, and school dances! All these activities and more constitute the Student Council's yearly activities. This year, as in several previous years, the Student Council operated the Book Exchange where many students were supplied with used texts. While on the subject of books, the Student Council, in collaboration with the War Effort Committee, conducted the Book Drive in which over a thousand volumes were collected and sent to the boys in the Armed Forces.

On the President's Birthday the Council assisted in the nation-wide March of Dimes in which enthusiastic workers brought in contributions amounting to \$161.53.

Also during the course of the year, a convocation was presented by the Council in which each member was introduced to the student body and various members discussed the early development, purposes, and achievements of this assembly.

Probably the most outstanding accomplishment of the Student Council was the sale of war stamps, stamp corsages, and bonds in each homeroom during various days of the week throughout the year. A goal of \$900 was set with which to buy a jeep. This goal was exceeded five times and enough money was spent in the purchasing of war stamps and bonds to accredit Anderson High School with the purchase of five such jeeps for the Armed Forces.

A contest was staged between Anderson High School and Central High School of Muncie in which each school tried to sell the most stamps and bonds per capita for a period of three weeks, beginning March 17, and ending April 2. During this period of time \$9872.45 worth of bonds and stamps were purchased through Anderson High School to make us the winner with about thirty cents per capita more than our opponent.

The first of January a goal of \$20,000 was set for the sale of war stamps and bonds during the remainder of the school year.

BOND AND STAMP
SALES IN FRONT HALL

EXECUTIVE COUNCIL

The goal was reached and exceeded. To be more definite, the sale of stocks of freedom from October until June was over \$25,000. Anderson High School, faculty members, and Student Council members are to be congratulated on their fine support of this contest.

Improvements were attained by changing the election of the yell leaders and the qualifications and the functioning of the monitor system. The Social Activities Committee, Clubs Committee and Pep Session Committee functioned effectively under the supervision of the Student Council.

As usual the best dance of the year was held by the Hi-Y Club in the auditorium after the Kokomo Game, with Chic Meyer's and his orchestra. Twenty members were initiated in the fall semester and sixteen in the spring, making a membership of about sixty fine lads. The annual Line of Dimes was very successful this year, bringing in 2020 dimes. The faithful members really did their part in

yelling, too, just ask 'em! With the money they gave a grand Christmas Party for the needy children of the city at the Y.M. C.A.

A weiner roast was substituted for the annual hayride last fall, and overlooking the fact that it was raining, everyone really enjoyed himself (including Mr. Davis.) In the spring a picnic was held to satisfy that hungry group.

Two pledge dances were given, one in each semester, to honor the new Hi-Y'ers, in addition to the "big" dance. Despite the fact that the old Hi-Y members had to loan their pins to the pledges because the new pins weren't ordered in time, things moved along as well as could be expected.

A gala occasion colorful formals escorted by handsome lads swaying to the rhythmic music of their orchestra. The holiday spirit was in the air and the Senior Girl Reserves Christmas Dance was a success. The members of this organization, of which there are about fifty, took charge and acted as hostesses for the co-ed dances on three occasions. Each second

and fourth Tuesday of every month is the time these maidens gather together to do their work of good deeds.

During the Thanksgiving season baskets were filled and given to needy families in Anderson. Money was raised by apple, do-nut, and ice cream sales. The girls made emblems for the War Chest Drive and attended the Mother and Daughter Ban-

quet with the other Girl Reserve clubs. Mrs. Nelson, at one of their meetings, spoke on that all-important subject of make-up.

As a climax to their season of social activities, a dance was held last month. It was the Formal Spring Dance which took place in the Co-ed Room of the Y.W.C.A.

Sophomore Girl Reserves

One of the most altruistic clubs in AHS this year perhaps has been the Sophomore Girl Reserves. The high-intentioned members devoted most of their meetings to preparing boxes to send to soldiers and sailors.

Junior Girl Reserves

One great advancement of the Junior Girl Reserves was the holding of a hanger hunt which added about 400 hangers to the war effort. The juniors and seniors, combined, sponsored a successful dance in the auditorium after a basketball game.

Freshman Girl Reserves

It seems as though everyone is working for the war effort, and the Freshman Girl Reserves are doing their bit too. They held a share-a-dress dance where old clothes were the admission. Their meetings were attended with great enthusiasm. A Chili Supper was held along with other evening entertainments. Considering that this was their first year as a high school club, those girls are doing very well; they have approximately fifty members.

Torch Club

The Torch Club deserted routine this year and instituted something new in the way of meetings in A.H.S. Club members enjoyed several luncheon assemblages at the Y. M. C. A.

"We're different," they declare.

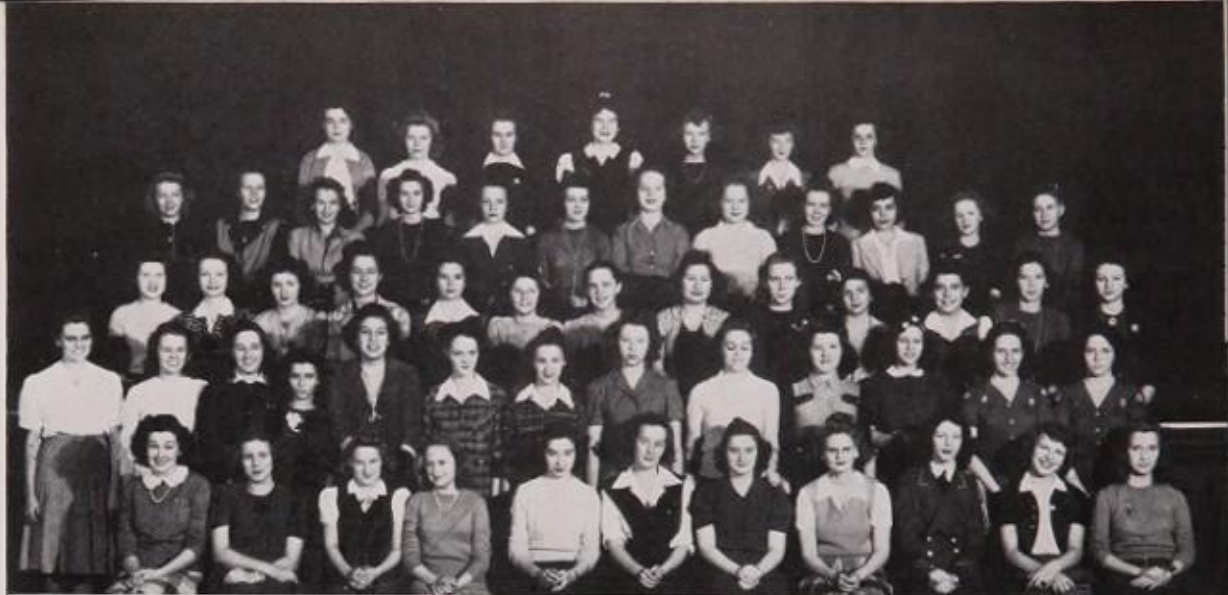

This year the members, who can stand anything, rose at dawn to herald Easter's coming with melodious harmony. Those who survived were rewarded with fun at the club's after-school private picnic and dance at Mound's Park.

To oil the wheels of their treasury, they sold Indian Emblems. The club also sponsored a dance.

The Anderson Chapter of the Future Farmers of America began its year with the dairy competition at the 4-H roundup held at Purdue University last June. The team, composed of William Eliason, Ray Croxton, Jim Teters, and Max Eggman, placed third; and William Eliason and Ray Croxton placed third as individual judges.

The apple judging team, composed of John Matthew, Max Eggman, Jim Teters, and John Tanner, placed third in the state contest. The vegetable team, composed of Marvin Wills, Robert Reed, Joe Pettigrew, and Lee Roy Lawson, placed fifth.

Max Eggman and Jim Teters placed second and third respectively on apple identification.

Although the district and state corn husking contests were eliminated this year, the Ag department held its own competition with Dick Runyon coming out on top and Marshall Steiner running a close second.

Jim Teters and Max Eggman attended the district F.F.A. meeting at Carmel, Indiana in March. Both boys competed in the essay contest. Jim placing second and Max third.

The spring judging contest began with the competition on crops. The AHS team, composed of Joe Pettigrew, John Tanner, John Matthew, and Max Eggman placed first in the county and fifth in the district. John Tanner placed fourth and

Joe Pettigrew seventh.

The dairy judging team, made up of Ray Croxton, Jim Teters, Jim Olevy, and Gilbert Musselman, placed second in the county, fifth in the district and are entitled to compete in the 4-H roundup held at Purdue this month.

Ray Thomas, Lee Eden, Russell Eubanks, and Bob Pavey made up the poultry team, placing first in the county and fifth in the district. The livestock team, composed of Jim Teters, Joe Pettigrew, Robert Reed and Kirk Tupman, placed third in the county.

Jim Teters and Max Eggman received their fourth letter award this year. Only one other boy in the history of the department has ever made this achievement.

Band

"Look at the bright red fire-engine!" were the words exclaimed by the members of the band as they climbed up on the wagon to give their contribution to the city-wide clean-up campaign. The fifty-five piece organization led by Richard Rencenberger has been very active this year. Concerts were given for several schools; the services of the band were engaged in numerous bond sales and presentations; the basketball games were attended by this colorful group; and it participated in many fine parades. In the band parade contest held in Marion last summer, the Anderson High School Band placed first winning the prize money of \$200.

Under the proper conditions, letters are given to the graduating seniors who participate in band activities. These activities do not end but continue through the summer for parades and park concerts.

The seven majorettes have presented a variety of programs this year. In addition to those snappy drills, the la congas, and the fancy dance steps, they twirled and led the band on many occasions. You were entertained by these lassies at the basket-ball games and at convos. They held summer classes for those wishing to learn to twirl.

Along with all the other pride and joys of our high school we class our brightly clad band and majorettes.

At the climax of every high school career the strain of "Pomp and Circumstance" are engraved in the mind of every senior. This melody is played annually by the orchestra directed by Richard Rencenberger. Occasionally we hear from this organization at convos, but graduation is the time that will dwell in our memories.

In "ye olde England" skilled groups called Madrigals originated by gathering to sing and be merry. "Dottie Ann" and a few of the Choral Club members originated this group in which participants would plan and present musical programs. Programs were presented at the State Teachers' Convention, Twelfth Night Tea, and for Women's and City Councils. Upon the resignation of Mrs. Dorothy Dunlap Gragg, Miss Mary Ruth Palmer became sponsor of the group.

Choral Club

Once again the Choral Club, under the efficient direction of Miss Mary Ruth Palmer, new Sr. High School teacher, gave their Easter program with unusual enthusiasm at the Easter Sunday Sunrise Service at Shadyside Park.

During the year the Choral Club gave a candle-light service at the Park Place

Church of God and a service for the W.C.T.U. State Convention at the Baptist Church. On Christmas Eve the members of the Choral Club broadcast their Christmas program from the Methodist Church, and no one can forget the Choral Club if they heard the caroling done in the halls of AHS near Christmas time.

Boys'-Girls' Glee Clubs

Dramatics Club

"Romeo, wherefore art thou, Romeo?" None other than a member of the Dramatics Club spoke these lines at the convocation given for the student body by the Dramatics Club. Each year the Dramatics club is asked to give a program for the school and the first few words above give a sample of what the program consisted of.

The war has hit, among other things,

the Dramatics Club in taking the male sponsor away. Upon Ralph Boyd's induction into the army, Miss Alice Higman, new Sr. High teacher, was elected as the new co-sponsor and she has proved very indispensable to the organization.

In addition to the convocation the Dramatics Club also staged an Open House play in the spring.

Junior Red Cross

Victory at home is an important matter today and **DEFENSE ON THE HOME FRONT** might be given as the slogan of the Jr. Red Cross for the past school year.

The Jr. Red Cross sponsored the first dance of the year by accepting keys for admission. This club is very active in serving all people in need and rewarding those who have served their country faithfully.

The members delivered Thanksgiving and Christmas baskets filled with food, sold Christmas seals, sponsored the Forget-Me-Not sale for disabled war veterans, and accepted donations on Purple Heart Day for Purple Heart Veterans. Another event of the year was the Infantile Paralysis Drive.

The Jr. Red Cross wishes to help all boys and girls who need medical attention. During the year the club paid for three tonsil operations and purchased glasses for needy boys and girls.

To show their loyalty to A.H.S. and to the nation, a service flag was presented to the school. An interesting convo was staged featuring Miss Liberty and Uncle Sam.

Let's give a cheer for the Jr. Red Cross. They are backing the United States Victory to the finish.

Latin Club

At most of their first semester meetings, the Latin Club pushed aside translations and verbs for a more manual artistry. Deftly wielding paper and brush, club members fashioned Christmas cards which were later sold.

For its own benefit, the club read plays written in Latin at many of the club meetings. A regular feature was Latin translations. Christmas was the occasion of a gala club party.

Book Club

Contrary to its name, the Book Club was oddly bookless until this year. Club members agreed that this should not be and decided to improve the situation. New books purchased are **The Song of Bernadette**, **See Here**, **Private Hargrove**, and others.

Members also exchanged pocket editions at Christmas, which were later circulated among themselves. A literary quiz and book reviews by members and outside speakers were featured at the bi-weekly meetings.

Standing: Florene Saunders, Betty Steirwalt, Jack Clark (Prog. Chrm.), Miss Griffin, Dick Hamilton, Bob Laux, Pat Pritchard Sec.-Tr., Lorene Saunders, Donald Taylor (Pres.).

Junior Conservation Club

The Junior Conservation Club is open to all boys who are interested in the open fields, hunting, fishing, and preserving wild game. In year before, the boys took long trips and hikes, but this year because of this war these hikes were postponed until they can be taken. They took short hikes and studied wild game at their meetings. Ideas of starting a club for casting, featuring the rod and reel, were discussed at the meetings.

Sitting: Don Armstrong, Charles Condon, Mr. Miller, Bob Ritter, Gerald Humbles, Vern Baker, Earl Powless, Charles Hamilton, Bill Helmic, Jack Phillips (V.P.), Vern Hiles (Pres.), Blanchard Harshman (Sec-Tr.).

Standing: Harold Humbles, Bob Pavey, Bill Fidler, John Cummins, Mart Norton, Charles Jones, Gerald Schlossberg, Bob Lawler, Lee Handley, John Mathews, Mr. Morris.

Camera Club

Calling all camera fans! Attention all students interested in photography. There is a grand opportunity for all of you right here in A.H.S. There are no requirements for membership other than a camera. At present members of this club own various types of cameras ranging from a folding camera to a large press camera. Students may develop their films in the dark room outside Room 306 during study halls and after school. Gordon Julius, the sponsor of this fine organization, takes an active part in the instruction of all kinds of photography.

Seated: Frank Holmes, Brooks Sefton, Bill Reed (Pres.), Melvin Perry, Gene Wampole, Tom Jorgensen, Phil Brock.
Standing: Bob Bolen, Don Tompkins, Doris Garretson, Bob Ehrhart, Bob Pequignot, Arthur Monroe, Helen Hinkle, Leata Hubbard, Earl Powless, Mr. Julius.

NEWSPAPER:

The X-Ray

Tops! That's our X-Ray. Our school paper is judged each year by the Columbia Press Association and by the national Scholastic Press Association. This year the X-Ray received a first place rating by the CSPA and a ranking of first class by the NSPA.

Directing the man-power of the X-Ray staff this year have been two capable editors—Dick Wilder and Mary Karei Hopkins. The leadership of these plus the guidance of Frank Baker and Claude P. Barner have earned for the paper many awards during the past year. The X-Ray was named the best high school paper in Indiana for school of over two thousand at the Butler University Journalism Field Day. First place awards were also received for the best news story and advertisement.

PRODUCTION:

Print Shop

Trouble, yes; they know that word trouble very well by now. The Print Shop has been troubled to a great extent by the war in that supplies have been greatly curtailed.

Everything seems to depend on Claude Barner and his group of printing students. Throughout the entire year, Mr. Barner and boys have been hard at work printing the X-Ray and Annual, class schedules, basketball tickets, record forms, as well as several hundred other minor items. Mr. Barner did all the engraving for the X-Ray and he has done a great deal of printing for the draft and rationing board.

Our Year in Pictures

Coming back to dear old A.H.S. last fall, we discovered 600 new charges had invaded our halls. A new leaf was discovered in the administration with the appointment of former coach Archie Chadd to the office of superintendent of schools, filling the vacancy left by Arthur Campbell.

Both Mr. Chadd and principal, Stanley Porter, through their fine work, have won

the admiration and respect of all students in our alma mater.

The war has taken an uppermost place in the minds of students and faculty and is reflected in most of the school activities, including our convocations. The annual fire prevention demonstration was presented with the thought of the importance of fire in relation to winning or losing the war.

A service flag proudly bearing stars representing students of the class of '42 and faculty members in the Armed Forces was presented to the school by our AHS Chapter of the American Junior Red Cross.

Headlining one of the most unforget-

ful convocations dealing with the war was Carlos P. Romulo, personal aide of General Douglas MacArthur. Colonel Romulo, though small in stature, imparted a mighty and stirring message to an intent student body illustrating by his experiences during the siege of Bataan peninsula.

"Salty Gobs" Welcomed

Those ex-students of A.H.S. serving Uncle Sam were always given a hearty welcome as were Chester Able and Arthur Taylor. More than one class neglected studies for a period or two to receive first-hand information from the boys in service about the action they had seen on all fronts.

Not only were we proud of our fellows

and men in the Armed Forces, but also the ladies of the faculty who had left the premises to participate in the Women's Army Auxiliary Corps. Envious of these hard-working women were the gals of the school who spent no little time in discussing the question of "Waac, Wave, Spar, or Mop, which shall it be?"

Always anticipated and enjoyed by everyone were the student talent programs conducted once each semester. The type of entertainment featured included singing, "tripping the light fantastic," plays and monologues, the latest thing in "boogie" bands, and individual performances on various instruments.

Senior Years in Pictures

The susceptibility of high school students to fads has truly been noticeable throughout the halls. Emphasis on draped trousers and "frock" coats was necessarily short-lived, but

in their stead followed bow ties and highly decorative cords. As examples, we submit photos of John Rogers and tie and Senior prexy being "decorated" by artist Alatza.

Last August before school convened, eight representatives of A. H. S. attended the annual American Youth Foundation camp for instruction in "four-fold" living. Those people,

people present enjoyed it so much that there were many moans when curfew was sounded. In fact, no one wanted to leave that night and finally the American Youth Foundation staff had to halt the fun that they might get enough rest to enable them to open another Youth Week in Muncie the following Monday.

In spite of transportation difficulties, none of the basketball games of the season were lacking spectators. Noticeable additions to our cheering section were newly-elected cheerleaders---Kenneth King, Don Swinford, and Wilma Smith---who was the first girl in the history of A. H. S. to lead cheers with her feminine touch.

New Creations In A. H. S.

A new committee created last fall to further the war effort in high school was the War Effort Committee, appointed by Mr. Porter, which sponsored various drives such as the paint brush drive, key drive, book drive, and tin can drive. This original group under the able leadership of Leo Sanders included Mrs. Mary Anderson, Miss Dorothy Campbell, Miss Margaret Mullendore, J. J. Bailey, Miss Celia Carson, Mrs. Edna Whitson, Frank Baker, Herman Hallett, O. L. Springer; Phillip Neese, Norma Penn, Jim Eskew, Beverly Beck, Gene Fisher, Jean Humrickhouse, May Ellen Church, Gene Thompson, and Patty Rayn, and Thom Gephardt.

Aeronautics Offered

There were many other changes and additions in A.H.S. halls last fall. A course in aeronautics was added to the curricu-

Pledges Jive Into Hi-Y

lum offered to all students interested in airplanes. The class was taught by Mr. Weaver of the math department.

Mr. Cummings, native of the "Show Me" state, became the new athletic director replacing Mr. Chadd and promptly won the friendship of all the students. The Senior Class voted on senior garb; brown trousers and skirts with beige coats

were accepted as official garb.

Twenty-one aspiring journalists attended the Indiana High School Press Association held at Franklin College. Tryouts for commencement speakers were held before a faculty committee headed by Mr. McClure. The four successful contestants were Victor Netterville, Frank Beeler (who was later replaced by Bruce Doug-

lass), Virginia Marsh, and Lolita Thayer.

Green and white were chosen as Junior Class colors. Junior, Louise Flanders, filled the vacancy upon Dick Wilder's resignation, becoming assistant editor of this volume. Forty-five upper classmen were initiated into the Honor Society for their scholastic achievements. Freshman voted on class officers electing David Precup, president; Charles Condon, vice-president; Mary Prokos, secretary; and Doris Sells, treasurer.

Line of Dimes Successful

The Hi-Y lads held their annual "Line of Dimes" collecting \$202 which was used for a Christmas party for underprivileged children. The first "Buy-A-Jeep" campaign actively sponsored by the A.H.S. Student Council exceeded the announced goal by 450 per cent. Altogether \$4,036.10 was raised through the sale of war bonds and stamps.

Causing much discussion among students, particularly the boys, was the registration of all boys who had become eighteen years of age last July and August. Through the Selective Service forty-five fellows signed up.

One well-remembered convocation was that of honoring C. D. Rotruck, former

Dean of Boys, and Jesse Huntzinger, who took offices of mayor and city councilman respectively. During the program of which Manson Church was master of ceremonies, Howard Lindsey, Dean of the Lincoln Building boys; W. H. Brinson, head of the math department; Frank Beeler, dean's assistant, paid tribute to both Mr. Huntzinger and Mr. Rotruck. In response, Mr. Rotruck invited each and every one to come to the City Hall to see him after he had taken office. As a final rousing send-off to the mayor-elect, all joined in the high school song and it was sung as never before.

What to do for aches and pains was a remedy searched for by all those tired seniors during the first week or so before

they became accustomed to the rigid routine of the physical fitness classes.

An honest to goodness movie actress, Colleen Moore, graced the gymnasium for one convocation telling about her "doll house" which was displayed downtown.

Another convo most certainly enjoyed by all students was furnished by two magicians, the Jesters, and made up part of the all day celebration ending the basketball season here.

Jack Hensley Looked Into; Fabulous Doll House; Jesters Conjure

If only A.H.S. had had a larger degree of magnetic attraction it may not have lost its other dean, Miss Reba Arbogast, who left to fill another position at the governor's request. Mourning their loss, the students and faculty staged a program honoring this woman who for so many years has been beloved by all. More than one admittedly shed a few tears during the program including the guest of honor, who left the gym besieged with gifts from her friends and co-workers.

An unquestionably worthwhile campaign conducted by all the school clubs was the Church Appreciation Campaign, an endeavor to win more students over to

the church. The guiding hand of the committee in charge was Louise Flanders; Marian Canaday, Manson Church, Max Eggman, and Harry Forse aided her. Outstanding during the course of this venture were the convocation provided by Dr. Bader, Executive Secretary of the Federal Council of Churches of Christ, and the Easter Sunrise Service sponsored

by the Torch Club.

Roberta Nevis, sophomore, won the American Legion speech contest. Charles Nichols of the class of '46 was awarded first place in a national essay contest sponsored by the Optimist Club.

"Vincennes" Replica Here

The "Navalcade" presented a Navy-hero who participated in a big battle off the Solomons and also brought to A.H.S. a replica of the Vincennes which 60 bond-investors were permitted to autograph.

An employment bureau was established for the benefit of ambitious students and firms minus employees.

Muncie Central, traditional rival of A.H.S., was challenged and defeated by the latter in a war stamp and bond race held during a period of three weeks in which time \$9,875 worth of these defense securities was sold.

Jeep Rides Purchased

Through the efforts of student council six jeeps from Fort Harrison were secured and many "daring" students purchasing several dollars in stamps were driven expertly through the city---well 11 blocks anyway---by the Red Cross Motor Corps women.

It may well be said that there was at least one supreme effort made this year to cast away war nerves and furnish one with a refreshener of those happy-go-

lucky pre-war days. This distinction is held by those responsible for the senior class play entitled "June Mad." When the cast of equally talented students combined their efforts under the direction of Miss Alice Higman, the result was a very gratifying class play witnessed by two record-breaking audiences.

Give Them Credit

Deserving of credit in this production are Miss Higman, Mary Lee Beatty, Walter Black, John Eastman, Barbara Forse, Bill Friel, Jack Zoll, Crawford Handley, Norma Penn, Ralph Rodecap, John Rogers, Patty Stilson, Mariwanda Stinson, Betty Stutsman, Don Swinford, Beverly Whisler, and Evelyn Yust.

The juniors too have their chance at fun every year in giving the annual junior-senior prom. This year, although the committees involved with this social "fling" worked under considerable difficulties, mainly the shortage of materials, the affair was strictly a success.

Cleaver Crowned

As usual the highlight of the dance was the crowning of the prom queen who was embodied in a striking blond, Barbara Cleaver. Attending her were dark-eyed Alberta Calhoun and junior prexy, Marian Canaday. The "rite" was performed by last year's queen, Betty Jean Busby.

Starting with the prom, the seniors spent their final week in A.H.S. foot-loose

and fancy-free attending the various social functions planned by the senior committees: Baccalaureate, the Senior-Faculty Dinner Dance, the Breakfast Dance, Class Day, the Theatre Party, the Picnic, and the Informal Dance. The final "touch" will be commencement tomorrow.

Speakers Preview Commencement Topics

The senior executive committee which directly assisted Prexy Harrison in planning senior activities was composed of the following home-room representatives: Frances Hudson, Bud Bronnenberg, Carol Hanna, Marjorie Fuller, Jessie Falge, Charles King, James Smith, Evelyn Yust, Jeanette Scampmorte, Jim Baldauf, Pat Stilson, and Phyllis Swank.

Gray Hair Discovered

Probably all those students having any responsibilities in connection with the ac-

tivities discovered a few gray hairs from exertion and worry over the outcome of the affairs, but all in all it was worth it.

The week of dissipation has been a lot of fun, but there is also a sad aspect about it---the goodbyes that must be said by those graduating seniors to fellow students and teachers. The future at the moment may not look too bright to them, but all who are left behind hope that they will nevertheless achieve success in the world.

Dress Rehearsal: Prexy and Boss

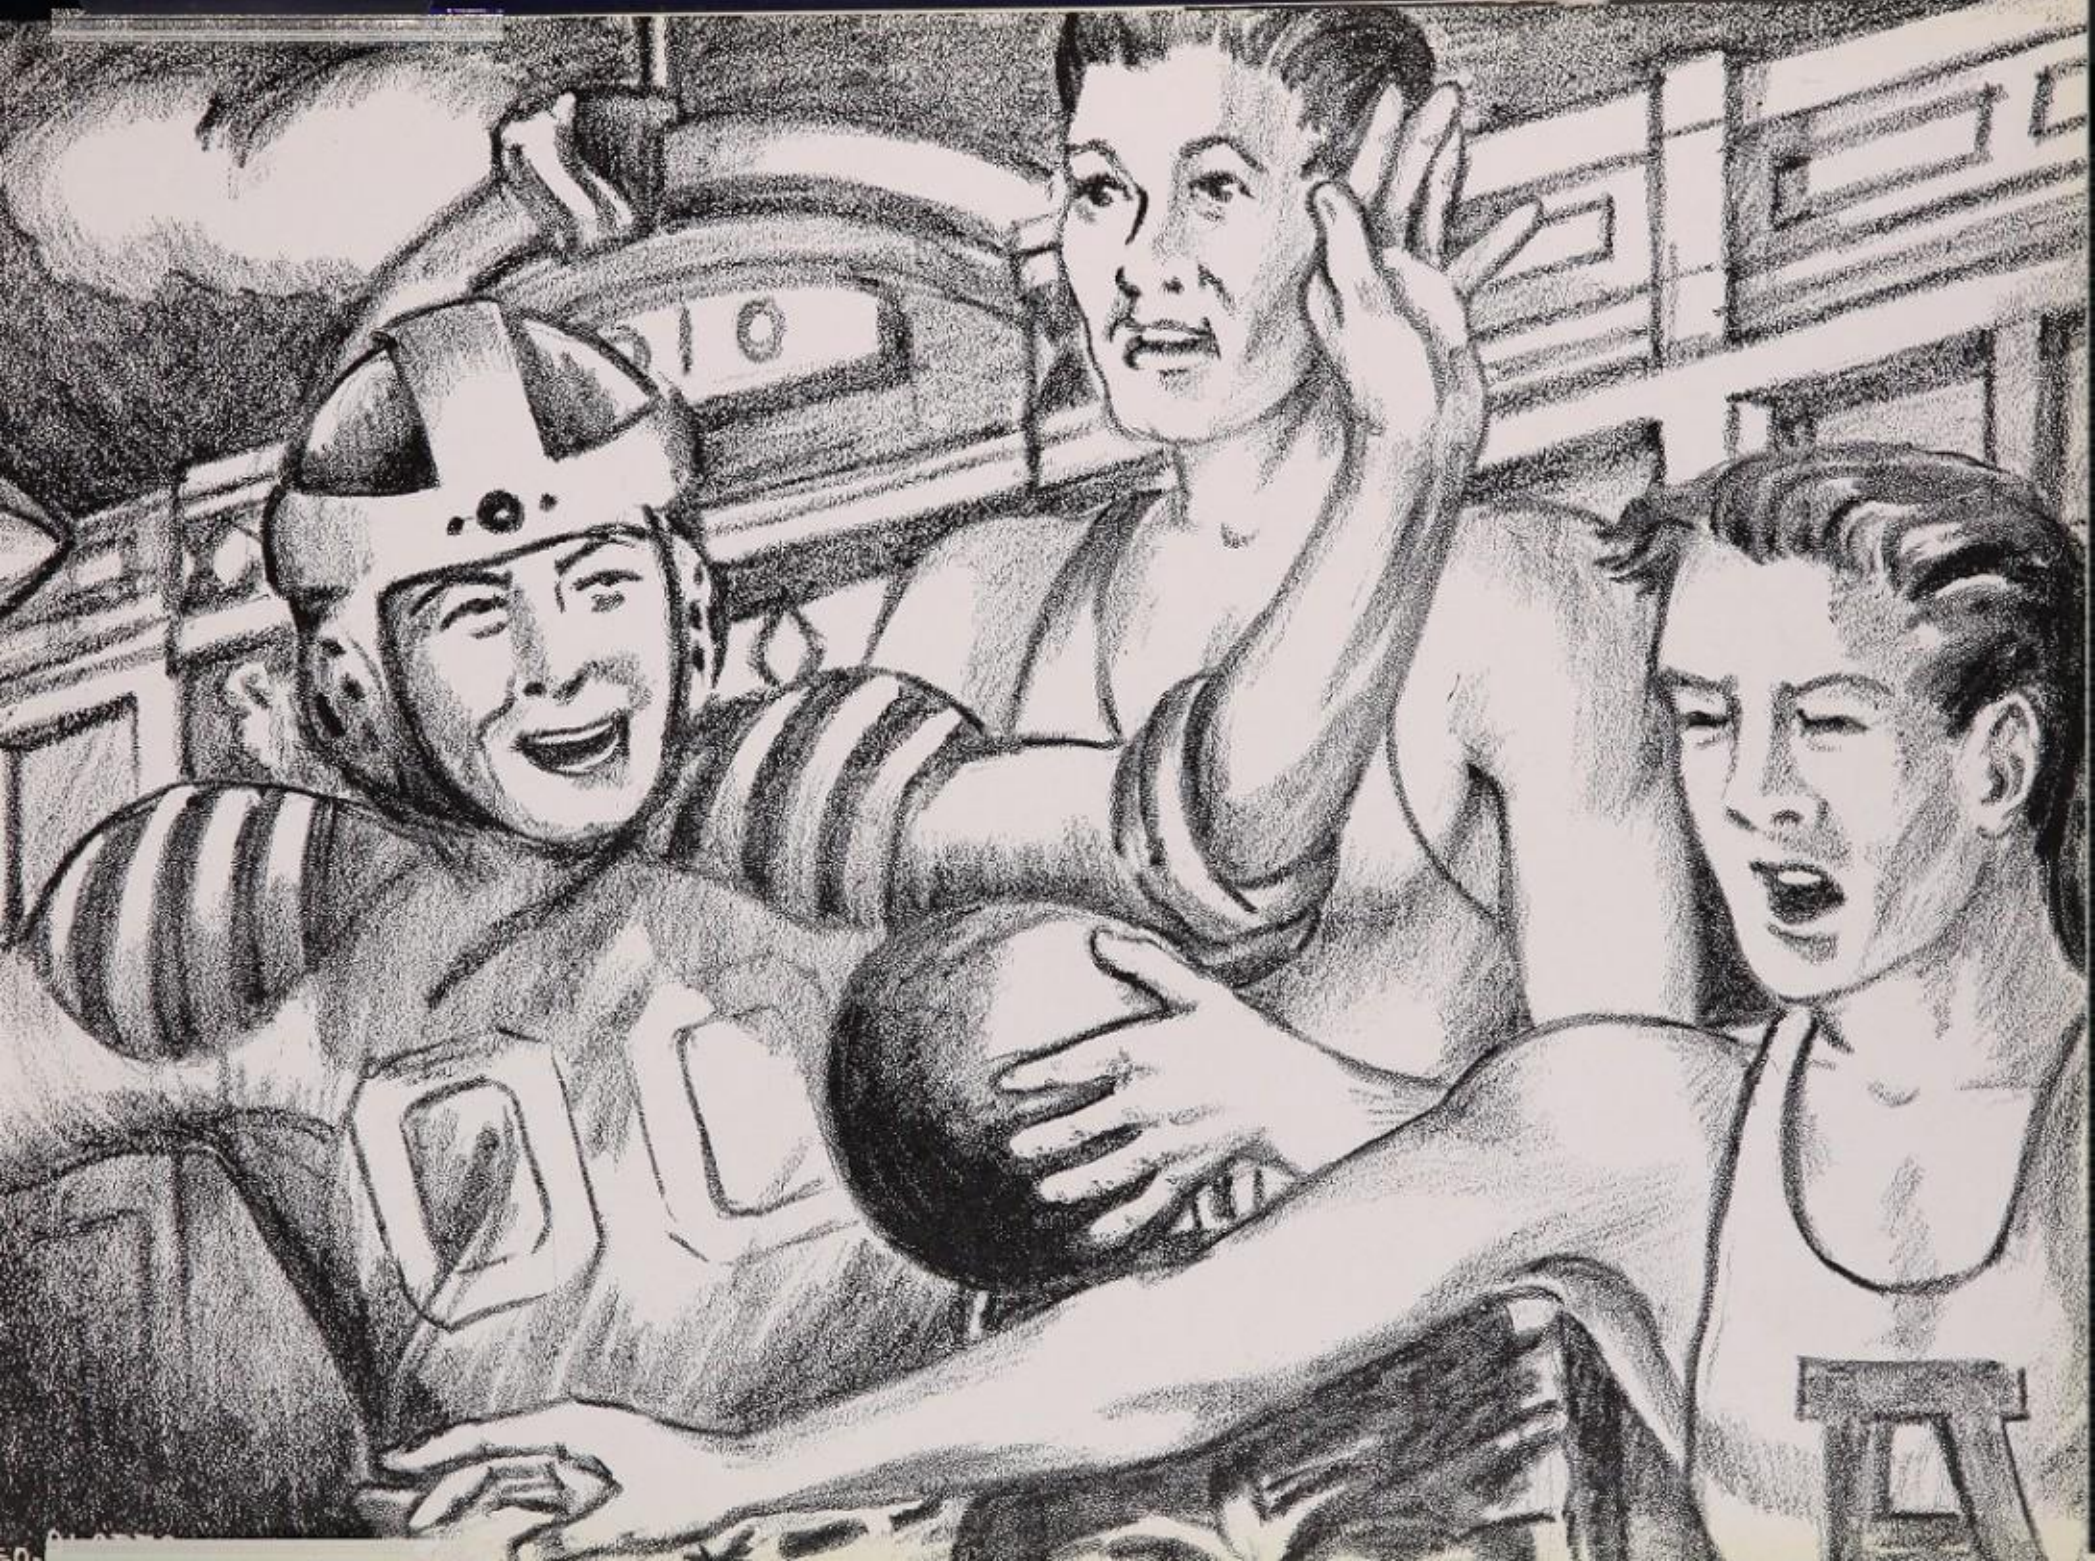

Achievement In Athletics

No longer does "Archie" sit on the bench and tear his hair out when our boys miss a "beaut." Instead, A. R. Chadd, now sits in his comfortable chair in the superintendent's office. Now Charlie Cummings warms the bench and backs the athletic teams in AHS. Our basketball, football, baseball, and track teams have had groet success during their respective seasons.

Without a "backer" our teams would not fight. We welcomed a girl-cheerleader this year, the first in many seasons.

The girls also suffered the loss of an athletic director--- Mrs. Mary Anderson, who joined the WAACS.

With the resignation of Superintendent Archie Chadd as head coach last September, A.H.S. was left without an athletic director until early in November when Charles Cummings of Crawfordsville took over the helm. Under his supervision a complete athletic program has been a part of the school's extracurricular activities.

Although transportation problems have greatly curtailed competitive athletics for many schools, A.H.S. played full varsity schedules and was forced to abbreviate only the playing of "B" teams and freshmen.

Scene Between Halves At Indianapolis Where Tech Took Measure Of Tribe 34-13.

FOOTBALL

Anderson's Indians had a very successful season despite the handicap of changing coach during the season because of the loss of Archie Chadd from the coaching staff. Vern Shinn, henceforth assistant coach, replaced him and with only seven veteran letter men, had a satisfactory season of four wins and four losses. The Indians weren't so successful in the North Central Conference, finishing in sixth

place with only one win and four losses. The gridmen, led by Clarence Clemons with 75 points and Jack Priddy with 54 points, outscored their opponents 226 to 130.

Tribe Wins Over Panthers

The Indians started their 1942 season with a 33 to 0 victory over an inexperienced Elwood team. The local boys ran wild while the Panthers never threatened

to score. The Warriors were promptly set back by the Bearcats of Muncie, 13 to 20. History repeats itself in this game for a blocked punt, similar to another one on the Bearcat field two years before, cost the Indians the winning points.

The Tribe came back by braving freezing weather to trounce the Alexandria Tigers, 58 to 0 in a very one sided game.

GRIDIRON ACTION

Lierman About To "Heave" It

Here Come Those Referees Again

In the hardest fight of the season, the Indians were set back by the Logansport Berries, 18 to 20 in a very close aerial battle. The Red and Black of Logansport got their three touchdowns on passes. The Braves took their hardest defeat of the season at the hands of Technical of Indianapolis, 34 to 13 in an afternoon battle. The Tech eleven showed too much power for the Indians.

New Castle Downed

The local boys came back by defeating the Trojans of New Castle for the third straight time by the score of 20 to 13. The Gridders managed to keep their record clean of whitewashes by getting a touch down in the last minutes of the

Richmond game. The score ended 36 to 6 for the Red Devils. The Gridmen finished the season in fine style by defeating the Golden Bears of Shelbyville 65 to 7.

Ten varsity men were lost by graduation this year. They are: Walter Black, Jim Barrett (captain), John Brissenden, Clarence Clemons, Wilbur Hart, Shirley Howard, Bob Lierman, Jack Priddy, Ted Wright, and Thamar Vermillion. These boys' places will be hard to fill next year.

"B" Squad Not So Active

The "B" team did not have much action this year due to the transportation problem. However, these boys are expecting plenty to do on the varsity next year.

Sectional Tourney

Anderson 45	Elwood 33
Anderson 36	Markleville 38

In their 1942-43 basketball season, the Anderson Indians scored defeats over some of the state's top-ranking teams. The most outstanding victory of the year was over Tech, when the Indians rallied to win in the last seconds of play, 43-42. This defeat cost Tech the N.C.C. crown, for it placed Richmond half a game ahead.

Big Four Crown Won

For the first time in five years the Braves won the Big Four Tourney by downing a powerful Logansport team 32-31 in a close game and then turning back New Castle's last minute rally, 42-40. The Tribe finished in fifth place in the conference by winning 6 contest and losing 5. Out of 22 games during the season Anderson took 13 victories, managing to outscore their opponents 577-552 with forward Joe Anderson leading the scoring.

In the season's opener the Warriors avenged a defeat last year by stopping Greenfield 25-24. Brissenden was successful in holding Pete Mount, Lebanon's outstanding player, scoreless when the local boys took Lebanon by an impressive score of 34-23. The trip to Logansport must

have affected the Braves for they came out on the short end of a 37-25 count. A week later the Indians had their share of luck when they took New Castle 33-32. Those last minute baskets again spelled defeat with Lafayette winning 26-27.

After turning back a last quarter rally

the local boys made it eight straight over Muncie Central 45-30. The Giants of Marion repeated by running the Red and Green 31-24. In the closest and most exciting game of the year, the Burris Owls managed to have a one point margin when the gun fired. The Indians took time

Second Row: Coach Cummings, Bob Smith, Bill Howard, Joe Anderson, Rodney Skiles, Coach Briggs

cut to win the Big Four Tourney before sinking Crawfordsville, 37-28. Joe Anderson showed plenty of offensive power when the Muncie Bearcats were again skinned, 34-27.

Indiana basketball was shown at its best when the Golden Bears of Shelbyville handed the Tribe a 27-31 defeat in the smoothest and best-played game of the year. The Braves had their third annual Hot Dog roasting this year. Frankfort couldn't hold Clemons who made two field

goals in the last minute of play to win 37-34. After leading all the way, Anderson's margin was threatened by the Wildcats from Kokomo who lost 31-29.

Tribe Fails To Scale Troy

Anderson's winning streak was short, however, for the Trojans of New Castle out-fought the Braves 38-39. The Anderson-Tech battle drew fans from all over the state for an Indianapolis win meant the N.C.C. crown. After trailing all the way the Indians eeked out a one-point

win, 43-42. After this outstanding victory the boys traveled to Shortridge to take the last season contest 32-27.

Anderson's part in the tourney was short and sweet this year. The Indians played championship ball against Elwood, winning 45-33. Then they ran up against the Saturday afternoon jinx, for Markleville brought down the hopes of every local fan by beating the Braves, who couldn't get the lids off the baskets, 36-38.

FROSH TEAM

Again this year the Freshman squad, piloted by Coach Carl Bonge, left a very fine record, winning all but two of its games. A glance at these fellows will give you a preview of the 1946-47 varsity.

"B" TEAM

Few people realize the importance of the "B" team. These are the fellows who will make up much of next year's varsity squad. More glory and honor is due these players upon whom we'll be depending next year.

TRACK

The 1943 track season proved to be one of the most successful for the A.H.S. cinder-pounders in many years.

This year's edition was perhaps one of the best, if not the best, in the school's history. The team was well balanced in all departments.

Left: Smith, Byrne, Burns.

Below: Brissenden.

The outstanding event of the season was undoubtedly the state meet at Tech of Indianapolis on May 22. The Indians, having twelve men at the affair, were able to garner 24 1-2 points to place second behind Burris of Muncie who had 26. This is the best record ever made by an AHS cinder squad.

Relay Deciding Event

The deciding event at the finals was the mile relay in which Anderson was the favorite since the Indians won this event both in '41 and '42. However, Martin, lead-off man, was spiked, and Stroup, anchor man, was sporting a muscle pulled

at Kokomo the week before; thus the quartet finished a scant five yards behind Burris. This gave the Muncie school ten points and the state championship.

Charles Stroup, captain of the Indian thinly clads, came through with a second in both the 100 yd. dash and the 200 yd. dash. John Brissenden shared first in the pole vault with a leap of 12 feet. Walter Black, AHS hurdler, placed fourth in the 200 yd. low hurdles and Joe Jones, half-miler, finished fourth in the 880 yd. run.

Season Record Outstanding

Coach Bonge's thinly clads had their way with opposition through-out the en-

tire season. They won the North Centrai conference title at Richmond for the fourth consecutive year by edging Lafayette 47-44. They finished second in the Kokomo Relays, a scant point behind North Side of Ft. Wayne, the 1942 state champs.

The local boys also won the Muncie Relays for the first time. They maintained their record of being undefeated in dual and triangular meets for the fourth year.

Records Established

Best records made in 1943 were: Stroup, 100 yd. dash, 10.1; Black, 200 yd. hurdles, 23.5; Brissenden, pole vault, 12 feet.

VARSITY BASEBALL

Two closely-contested ball games with Tech of Indianapolis and Jeff of Lafayette were the only two defeats marked up against the Braves at the time of this writing late in May. The Sand-lotters began the year by dropping a close one to Lafayette, 2-0. Then the Indian nine came roaring back to hand the Greenfield Tigers a 25-0 pasting, followed by easy victories over Pendleton, 16-8 and 14-4. Then came the North Central Conference contest in which Richmond was turned back, 13-3.

After their trouncing of the Red Devils, Coach Cumming's lads lost a splendidly-played diamond thriller to Technical by a 2-1 margin. Carl Erskine allowed only two hits and struck out 14 of the Big Green's batsmen. Then the Muncie Bearcats fell victim of the four hit pitching of Shirley Howard by a score of 3-0.

Return games with Muncie, Richmond, and Tech were played after the book went to press.

GOLF

The past season's golf squad is reputed to be the best ever to have swung a club for AHS. Three returning letter men—Oscar Melson, Charlie Laughlin, and Bob Skiles—together with Harry Forse and Floyd O'Connor, comprised what was recognised as the toughest combinations in the state, having upheld the school's record of losing no encounters in over two years. Melson captain and defending

NCC medalist, and Laughlin, No. 2 man, are the only seniors on the squad.

Girls' Athletic Assn.

The rollicking sportsmanship which binds together the GAA was tried but failed to mask emotions when the girls lost their sponsor, Mrs. Mary Olds Anderson, to the WAACS this year. The GAA classes forgot competition and combined as a common team to give their leader a brave but poignant send-off.

The annual GAA basketball tourney looked forward to and practiced for during long weeks of fervent effort, saw the dawn of something new in GAA annals. For the first time in the club's history, the heralded event was referred by men. Coaches Charles Cummings and Clifford Swift pioneered the field and came through admirably, through handicapped by unfamiliar girls' rules.

The Juniors of the GAA feel they have a goal well in sight which merits their past and future strenuous practice. For the third time, they have won the coveted basketball championship. If next year's tourney victory could be added to their triumphs, they would receive an award given to four-year winners.

The girls began their school year's activities with an old favorite, softball. A deviation from the familiar game, which flavors old fun with the spice of variety, is kick-pin baseball. This year they have mastered rotation soccer, a new sport

which shows promise to rank high, though competing against games more established in the approval of club members, as volley-ring ball.

The tennis tournament, open to all GAA classes, offers opportunity for spring competition. The club is also interested in golf and swimming, though an obvious drawback is the lack of a pool in the school building.

ASSOCIATION

Achievement Of Classes

Freshmen and sophomores, as well as juniors and seniors, have been doing their part this past year. It must be said that the underclassmen have been doing an excellent job in supporting stamp and bond sales and also in backing the Church Appreciation Campaign, held during the pre-Easter season.

The Seniors have made welcome donations to the Red Cross and Canteen Funds. (They have also given an appropriate gift to the school.) Spring fever, as usual, became an epidemic when Senior Week grew near at hand. No senior ever spends an idle day in AHS when graduation rolls around.

CLASS OF 1943

In our freshman days, we were unusual and different from the general line of Freshies. Of course, we were a little green and inexperienced, and it may be true that we held our heads a little too high for people of our lowly position, but we had the spirit and willingness to learn. Instituted in the fall with us were a seven-period day, a larger library, and a new principal. To guide us in our somewhat feeble efforts were president, Bob Phillips; vice-president, Bob Tackett; secretary, Patty Stilson; and treasurer Bud Bronnenberg.

Our sophomore year was an eventful one. As our able president we selected Bud Bronnenberg, vice-president, Bob Phillips; secretary, Patty Stilson, and treasurer, Don Richardson. Not only did they help in selection of class colors--royal blue and white--but also they succeeded in obtaining class jewelry for us. In the spring we clamored aboard the busses, ready for a big day of picnicking at the Mounds Park.

Boom! Thus did our junior year begin. Thirty-three of the brilliant juniors were initiated into Honor Society. Also, Bud Bron-

nenberg again led our noble efforts; his assistant was Bob Phillips, the secretary, Barbara Forse, and Ralph Rodecap, the treasurer. After long squabbles and heated arguments, the class finally decided upon junior sweaters. The last semester was devoted to selling our merchandise--Candy! Popcorn! Peanuts! This pecunia was used to put on the most gigantic and stupendous prom ever. Betty Jean Busby had the honor of reigning o'er the ball, with Norma Penn and Doris Mears as her attendants. In the spring we tried to defeat the seniors in the athletic contests, but didn't quite succeed.

When we stepped over the portals of A.H.S. in the fall of 1942, our spirits were slightly subdued; we walked with a more dignified air and talked more quietly as befitted our exalted position as seniors. To set the pattern for us to follow were prexy Hugh Harrison, vice-president, Vic Netterville; secretary, Barbara Forse; and Don Richardson as treasurer. Something new was instigated--the Senior Executive Committee--which, with the officers, was the planning committee of the Senior

Class.

On this committee were Bud Bronnenberg, Frances Hudson, Carol Hanna, Jessie Falge, Charlie King, Evelyn Yust, Jim Baldauf, Marjorie Fuller, Patty Stilson, Phyllis Swank, Jeannette Scampmorte, and Jim Smith.

They helped to change the color of the caps and gowns from black to royal blue. During the year many seniors were elected to fill the offices of some of the more important clubs. Others gave their time to helping the faculty with rationing. Because of the war, A.H.S. lost several of its fine teachers and a large number of students. The boys were given Army and Navy tests, and all seniors took part in the Physical Fitness Program. Can't you just hear their groans? In the spring "June Mad" was put on by the "Shakespeares" of our class. The play was a great success with a capacity crowd and taking in more money than ever before. Concluding the year with a bang were the junior-senior athletic contests and Senior Week--heaps of fun and no sleep!

Here's the haberdashery for the young men of Anderson. Anything from a handkerchief to a top coat and suit of clothes may be obtained in this establishment. If you want your outfit to be a "Joey" one, just be sure to stop at this little nook on Meridian Street just north of Twelfth.

Also if you want to make an impression on your "one and only", just go to her house decked out from head to toe by the boys at Anderson's most up-to-date men's shop. Yes, you've guessed it, it's the

FOR QUALITY IT'S

What You Have to Offer in a World at War

Perhaps you feel that a general education has peacetime values only . . . that it is more or less wasted in the fighting forces or in specialized war work.

That is not the case. Whatever your field of study, you have acquired in your high school career two great abilities which have currency at all times, under all conditions. They are the ability to think for your-

self, and the ability to "get along" with the people around you.

These you are offering to America in this fight for freedom. And when Victory is won, they will be applied to establishing your place in a world of greater opportunity than ever before.

Congratulations to the Graduating Class of 1943!
